

| NO. | Items               |                  | Technical Data     |                  |              |
|-----|---------------------|------------------|--------------------|------------------|--------------|
| 1   | Product Information | Capacity         | 30±0.2L            |                  |              |
|     |                     | Weight           | 8.3kg±5%           |                  |              |
|     |                     | Working Pressure | ≤0.3MPa            | Testing Pressure | ≤0.6MPa      |
| 2   | Material            | Top Chime        | 1.4301/304         | 2.0±0.1mm        | 580-700N/mm² |
|     |                     | Body             | 1.4301/304         | 1.5±0.1mm        | 580-700N/mm² |
|     |                     | Bottom Chime     | 1.4301/304         | 2.0±0.1mm        | 580-700N/mm² |
| 3   | Neck                | Material         | 1.4301/304L        | Type             | JF-004       |
| 4   | Valve/Spear         | Brand            | Micromatic/Aobaosi |                  |              |
|     |                     | Type             | A/G Type Spear     | S Type Spear     | D Type Spear |
|     |                     | Length           | -----              | -----            | 554±1mm      |
